

Foundation Systems names Don Dewar as Vice President Accomplished Staffing Veteran to Lead Sales and Customer Relations

SAN FRANCISCO, California – (January 2, 2007) – Foundation Systems, Inc., the leading national WBE staffing supplier to vendor-neutral programs, today announced Don Dewar has joined the company as Vice President of Sales and Customer Relations.

Prior to Foundation, Don spent 23 years at TAC Worldwide, a \$500M staffing firm, as their lead sales executive. In 2002, Don was recognized with the President's Excellence Award for consistently being a top sales performer for 20 years. During the last few years at TAC, his interest in identifying and capitalizing on emerging industry trends led to his participation in forming a team dedicated to successfully delivering recruiting services to the growing Vendor Managed Solutions (VMS) market. In 2 years, he was instrumental in growing this practice to a run rate over \$17 million per year.

"I'm very pleased that Don has joined the Foundation team," said Jeannine Solanto, Founder and CEO of Foundation Systems. "Don brings a wealth of experience and integrity to our operation and to our clients. This business is about relationships and service. Don comes to Foundation with strong relationships with the major VMS companies."

Don states, "After 23 years in staffing I am as excited as ever about this opportunity. Not many firms understand the current paradigm for staffing in today's economy like Foundation. They understand that to succeed in staffing is to create a world class delivery engine and partner with the VMS companies as your clients. The traditional staffing model does not work any longer. I will go door to door to sell this understanding to our vendor-neutral prospects."

About Foundation Systems

Founded in 1999, Foundation Systems leverages its global operations, seasoned executive team, and certified woman-owned business status to recruit contract workers for Fortune 1000 firms through partnerships with vendor-neutral providers. Foundation's recruiting teams are located in San Francisco, New York, Boston and Bangalore, India.
